

# EQUITY

I know why I'm in it.

Sally Walker, Assistant Principal and Registrar, New College.

The University of Toronto is committed to fostering equity for all of its members. The Employment Equity Census is so important because it provides the information U of T needs to remove the barriers that stand between individuals and their potential. And, with 100% participation, the University will be in compliance with the federal government's Employment Equity Act. Fill out the census and be counted.

To complete the census, please go to [www.eecensus.utoronto.ca](http://www.eecensus.utoronto.ca)
